

GM A-BODY RESTORATION PARTS

# SilentDrivePRO SOUND DAMPENING

AMD's new SilentDrive Pro Mat Sound Deadener offers premium noise reduction with three different versions to suit various needs. Two of the variants feature a 2mm thickness, with one showcasing blue lettering and the other white lettering for aesthetic preferences. For those seeking enhanced sound insulation, a thicker 7mm option is available. Each box includes 10 sheets, covering a total of 43 square feet, making it an excellent solution for reducing vibrations and road noise in vehicles or other applications requiring soundproofing.

WE'RE BRINGING YOU THE MOST UP-TO-DATE PRICING AND SELECTION

# CELEBRATING our 4th DECADE of EXCELLENCE

Phoenix has conversion kits to make it easy to install an overdrive into your Classic GM truck.

Let our trained staff help you select the proper transmission and components to give you the very best performance and economy possible with your vehicle. We have overdrive options to fit nearly any combination from early model up through the latest designs.

We also carry the incredible "Compushift" electronic transmission control system as well as our own easy to use TV cable and bracket systems.

The highest quality trans packages matched with unbeatable customer service since 1983!

Phoenix Transmission Products has specialized in building specialty transmissions and torque converters for the automotive enthusiast. We build each transmission and converter per order to match these components to your vehicle and driving style. Our friendly tech people are always glad to talk with you, hear about your project, and love to answer your questions. No bad attitudes here. We are performance car nuts just like you!

We have automatic transmissions, torque converters and installation accessories to fit nearly any application.

Give us a call or email to:  
[questions@phoenixtrans.com](mailto:questions@phoenixtrans.com).

We are happy to help.

# SilentDrivePRO SOUND DAMPENING

AMD's new SilentDrive Pro Mat Sound Deadener offers premium noise reduction with three different versions to suit various needs. Two of the variants feature a 2mm thickness, with one showcasing blue lettering and the other white lettering for aesthetic preferences. For those seeking enhanced sound insulation, a thicker 7mm option is available. Each box includes 10 sheets, covering a total of 43 square feet, making it an excellent solution for reducing vibrations and road noise in vehicles or other applications requiring soundproofing.

## GUARANTEE

### Parts Guarantee

All Auto Metal Direct brand products are guaranteed to be free from defects in material and workmanship. We require that you test fit ALL parts before sanding, priming, painting or modifying them in any way. If we deem your part defective, our responsibility is to replace the part, issue credit, or refund the original purchase price. We are not responsible for any paint or labor expenses. The credit or refund amount will not exceed the defective part's original purchase price and may be subjected to being issued as in-store credit.

## BACK ORDERS

### Back Orders

Any items not available at the time the order is placed will be put on backorder. All backordered items that ship after the original shipment will be subject to additional shipping charges. Backorders will not be shipped without your prior authorization. Please let us know if you do not wish to receive backorders.

## RETURNS

### Returns

You may return any unused, undamaged, unmodified, and resellable part in its original packaging for exchange, credit or refund for up to 6 months after original purchase date. All orders, cancellations and returns are subject to a 15% restocking fee. **ALL RETURNS MUST HAVE PRIOR AUTHORIZATION BEFORE THEY WILL BE ACCEPTED.** All shipping costs associated with a return are your responsibility. If the return shipment is damaged in transit back to us, it may not be accepted.

## MORE PARTS ONLINE

### Additional Parts Available

Although this catalog is geared towards the GM Car owner, we do carry a LOT of parts for other makes and models. If you're anything like us, you have several projects that consist of a large variety of vehicles saved from the scrap heap. Be sure to check out our full selection at [autometaldirect.com](http://autometaldirect.com)
