The Eddy Bear Foundation, founded in 2009 as a 501(c)(3) non-profit organization, has a heart-felt beginning rooted in a desire to make a difference. It all started with a simple idea: to provide comfort to children facing difficult times. Since then, our mission has grown into a commitment to support these children and their families with resources and compassion. Our journey is fueled by the belief that every child deserves a reason to smile, and we're dedicated to bringing that joy through our teddy bear deliveries.

# CELEBRATING our 4th DECADE of EXCELLENCE

Phoenix has conversion kits to make it easy to install an overdrive into your Classic GM truck.

Let our trained staff help you select the proper transmission and components to give you the very best performance and economy possible with your vehicle. We have overdrive options to fit nearly any combination from early model up through the latest designs.

We also carry the incredible "Compushift" electronic transmission control system as well as our own easy to use TV cable and bracket systems.

The highest quality trans packages matched with unbeatable customer service since 1983!

Phoenix Transmission Products has specialized in building specialty transmissions and torque converters for the automotive enthusiast. We build each transmission and converter per order to match these components to your vehicle and driving style. Our friendly tech people are always glad to talk with you, hear about your project, and love to answer your questions. No bad attitudes here. We are performance car nuts just like you!

We have automatic transmissions, torque converters and installation accessories to fit nearly any application.

Give us a call or email to:  
[questions@phoenixtrans.com](mailto:questions@phoenixtrans.com).

We are happy to help.
